# PREFACE

Furnished by the  
 ROCKY MOUNT CHAMBER OF COMMERCE

Population, U. S. Census 1920—12,742  
 Conservative estimate 1925,—20,000

Rocky Mount is a gast growing city of Eastern North Carolina. Its growth is attributed largely to the fact that it is a center of agricultural, commercial and industrial enterprises in Eastern North Carolina.

The City is situated in Nash and Edgecombe Counties, the dividing line between the two counties being in the Main Street center.

In 1890 the Town was credited with 850 people; in 1900 the United States Census gave 2,938 inhabitants; in 1910, 8,051. The percentage of increase during ten years from 1900 to 1910 being 274. The increase from 1910 to 1925 has been marvelous. A conservative estimate of the population in 1925, including the mill section and suburb, 1½ miles, is 20,000.

## PREFACE—Continued.

---

Tobacco Market—16,000,000 pounds sold during the 1924 season for \$4,013,412.24, or an average of \$24.72 per hundred pounds.

Cotton Market—Our market sells an average of 12,000 bales per season.

Building and Loan Associations, 4; Theatres, 5; Hospitals, 3; Clubs, 15; Hotels, 3—one of the largest hotels in the State, 300 rooms, with and without bath single or en suite. Churches, all denominations; Y. M. C. A. Building.

Several modern public school buildings. Municipally-owned and operated electric plant, water works and gas plants, serving 65 miles of street with electric lights and power; 65 miles with water; 32 miles of sewer, and 32 miles with gas; 3 public parks, one of which, located along Tar River, is one of the most beautiful natural parks in the country. In 1908 Rocky Mount possessed no paved streets; there are now 15 miles of streets substantially paved and approximately 60 miles of paved sidewalks.

Fine Agricultural country. Excellent farm lands at reasonable prices. Cotton, corn, tobacco, cereals and vegetables indigenous to soil. Also grass and alfalfa can be grown profitably. Fruits and grapes.

Industrial center of Eastern Carolina. Gateway to the State; 125 miles from Wilmington and Richmond; 250 miles to Baltimore and Charleston; 500 miles to New York (twelve hours' run). Fast train service in all directions.

Among the many industries should be mentioned especially the shops, yards and offices of the Atlantic Coast Line Railroad Company. Rocky Mount is the junction point for six lines of railroad, and here is located the General Superintendent of the First Division and staff of officers controlling 1,700 miles of railway. The yards are the largest and most complete in the South. The principal shops of the Atlantic Coast Line are located here.

The tobacco market is one of the best in the State, and is an industry in which the citizenship is especially interested.

# Advertising Rocky Mount

Do you know that a copy of this Directory of Rocky Mount is being placed in the Directory libraries and among the commercial bodies, Business Men's Clubs, Chambers of Commerce and the larger business institutions throughout the United States?

No other medium on earth can convey so complete and comprehensive an index of this city, its various industries, its business, educational and religious institutions, its social life and its people.

No other medium can tell so fully of its wonderful growth, its opportunities and its possibilities for the future.

The publishers are doing everything possible to make this Directory a representative city catalog of Rocky Mount. Are you as prominently represented as you should be?

The Association of North American Directory Publishers is composed of rep table City Directory Publishers, organized for the general advancement of the Directory business Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First: The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employees.

Second: To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third: To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth: For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

**All members of this Association have subscribed to the following**

## STANDARDS OF PRACTICE

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories and reference media contain; to study public needs and make Directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the Directory and reference media be made to serve their fullest use as business and social reference books and Directories of buyer to seller and seller to his market.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publication.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicly upon its accessibility to seekers as well as on the number of copies circulated.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories and reference media in public service and then to strive in every legitimate way to promote that function.

\$100 reward will be paid by the association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or fake Directory.

## ***Ours is a Business Built on Service***

To deliver to our people the merchandise you want when you want it at a price you are willing to pay is a very minor in service to you, our reader. It is not our ideal of service. It is a conception of service that we wish our customers, our audience, is to make good use of and customers stick. Service with us concerns itself with all services, not only serving but serving graciously, in making adjustments cheerfully, in viewing every accommodation as a pleasure, as an opportunity, the strength and the bond of friendship which every one of our customers square dealing have built up for their satisfaction and for customers.

## **An Advertising Medium**

is judged by its advertisers. This City Directory boasts the cream of Rocky Mount's Merchants and business men. You can't go wrong by dealing with them.

The EYE is seventeen times stronger than the EAR.

Research has proven that impressions received through the eye are seventeen times more effective than those received through the ear.

Your advertisement in the City Directory reaches the vision of your prospects all over the city 365 days in the year, because some one is using it every hour in the day.

The Association of North American Directory Publishers is composed of rep table City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First: The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employees.

Second: To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third: To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth: For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

**All members of this Association have subscribed to the following**

## STANDARDS OF PRACTICE

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories and reference media contain; to study public needs and make Directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the Directory and reference media be made to serve their fullest use as business and social reference books and Directories of buyer to seller and seller to his market.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publication.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicly upon its accessibility to seekers as well as on the number of copies circulated.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories and reference media in public service and then to strive in every legitimate way to promote that function.

\$100 reward will be paid by the association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or fake Directory.
